

One on One

Getting to know your child through you

Please help us get to know your child, as well as your needs and expectations from our program by completing the following questions. Thank you!

1. Does your child have a nickname he/she prefers?

2. Does your child have a favorite toy - a comfort blanket, etc?

3. Please describe some of your child's favorite activities.

4. Please describe some activities your child does not enjoy.

5. What are your child's favorite foods? Least favorite?

6. When your child is angry or upset, what kind of behaviors is he then likely to exhibit?

7. We are committed to provide a consistent atmosphere where your child can learn and grow. Please describe your discipline policy/reward system you use at home.

8. Please describe your family to us (family living situation, siblings and relatives in the household, pets, etc.)

9. Have there been any recent family changes?

10. What expectations do you have of the program?

11. Do you consent to having your kid's picture taken by the nursery's photographer at the premises during the special events ceremonies (birthday parties, Christmas celebrations, end of year graduation, etc...)? Photographs taken in the nursery as part of a normal day are to support the children's learning and also to record children's individual progress. The photos will be uploaded on the nursery's web page with low resolution prohibiting copies.
